Superintendent's Message

Welcome to the Lakehurst School District!

The administration and faculty think in terms of possibility. Young at heart, vibrant and open to new ideas, they value working collaboratively and understanding the importance of ongoing professional development. Organized into professional learning communities, they are focused exclusively on the advancement of student achievement and the enrichment of the total school experience.

The success of the Lakehurst School District comes from the collaborative efforts of dedicated staff, students, parents, administrators, board members and community. Students in the Lakehurst Elementary School receive a thorough and comprehensive educational program including daily instruction in language arts literacy, mathematics, science, social studies, health and physical education. Additionally, our students receive exposure to the related arts in the areas of music, art and world language. Together, they foster partnerships that bring learning to its fullest potential and set standards of excellence for our students – the future leaders of the world.

The Lakehurst School District has a long history of providing quality programs in a small community environment that affords its students personal attention and unique opportunities. It's a place where we get to know each and every student and pride ourselves in our ability to personalize learning to each student's individual strengths and needs. With an outstanding professional staff we continue to strive for academic excellence by engaging our students in experiential activities that promote active engagement while encouraging problem solving and collaboration.

With a dedicated faculty and the continued support of our community, we approach the 2011-2012 school year committed to the philosophy that all students deserve the right to achieve to their full potential.

Thank you for taking the time to familiarize yourself with our district. Please take a moment to visit our web site at www.lakehurst.org.

Sincerely,

Dr. Mark C. DeMareo

Dr. Mark C. DeMareo
Interim Superintendent
