Dear Parents/Guardians:

There are two important announcements we would like to share with you.

1)To ensure the health of everyone returning to the buildings, we are implementing a daily student health screening questionnaire for parents to complete, each morning at least 30 minutes prior to school starting. You can access the questionnaire by logging into the Parent Portal. The questionnaire will automatically appear on the home page of the Parent Portal. Your responses must be answered “no” in order for your child to be admitted into the classroom. Please complete this form daily regardless of whether or not your child is Blended Learning Model or Remote Learner Only.

- If a student has a fever as they enter, or develops symptoms throughout the day, he/she will be sent to the nurse for a screening. If it is determined that your child needs to be picked up, we ask that you do so as soon as possible. Your student will be supervised in an isolation area until they can be picked up. The nurse will also provide you with the steps necessary for your student to return to the building when well enough to do so. These procedures have been developed through the Ocean County Board of Health and the NJ Department of Health.

2)The USDA Child Nutrition Program is providing FREE Meals for every student. Please see below for the schedule:

- Students will eat breakfast at home before school (with the exception of the first day of school).
