How to use Google Classroom

Dear Families,

Here are some step by step directions to help you and your child be successful in completing remote learning activities.

Step 1: Log onto <https://classroom.google.com/>

Step 2: Click on their teachers classroom.

Step 3: Assignments will be posted on the Stream page with the date in which students should complete the work.

Step 4: When students are finished with the work they must turn it in. To do so press on the +Add or Create button. To attach already completed work use Google Drive, Link, or File. Google Drive is used if a Doc, Slide, Sheet, or Drawing was created.

Step 5: Once the work is attached, press the **BLUE** Turn in button. (This will ensure the teacher is notified once they've completed their assignment).
