September 6, 2018

Dear Parents/Guardians,

The safety and welfare of our students and staff at Lakehurst Elementary School are our highest priority. In order to provide our school an opportunity to practice emergency response procedures, we practice security drills and fire drills. In accordance to the New Jersey Department of Education mandated guidelines, we conduct one security drill and one fire drill per month. All schools are required by law to implement this procedure.

This letter serves as notification that Lakehurst Elementary School will conduct these drills without announcing the date and time. You would only be notified if there was a real emergency.

The procedures for these security drills and fire drills have been implemented with the help of local authorities. This allows emergency personnel to know in advance what they should expect to see at our school when they are required to respond. The goals of these drills are to evaluate our emergency operation plans and improve our response skills.

Respectfully,

Stephanie Rucci
Vice Principal
