

# JANUARY NEWS

Sra. Barneman- Las Noticias

## From the Teacher

The 2<sup>nd</sup> marking period is quickly nearing an end. All students are gaining more confidence and proficiency in Spanish. We are using the vocabulary in meaningful conversation.

The children are engaging in hands on activities to make lasting connections to the vocabulary through reader's theater, scavenger hunts, illustrations, and partner teaching.

The children create challenges for themselves while learning and making steady progress in curriculum.

## Upcoming Events

7F has had the opportunity to learn about various elements of Hispanic culture during Enrichment. The students researched la copa munda and its music, participated in their very own Spanish loteria, learned about las doce uvas, and are currently exploring the ghosts of Machu Picchu.

## Learning Targets

**Kinders:** winter weather

**1<sup>st</sup> grade:** Do you want to build a snowman?
